

**Power  
over  
Pedophilia?**

**← ASK  
DENNIS  
HASTERT**

Q: Did Dennis Hastert choose preserving Republican power in Congress over protecting your children?

Q: Did he deliberately use his power to conceal a pedophile within our sacred halls of government?

A: **Yes, he did.**

It's clear that Dennis Hastert has his own priorities. Priorities so self serving and corrupt that he chose **to protect his party's power over his duty to protect your children from sexual predators, even if they hold high office in the United States Congress!**

This November, tell Mr. Hastert that **protecting our children from pedophiles** is of far greater importance than **selfishly endangering our children to preserve his own Republican power in Congress.**
